WHAT WE DO

The City of Little Rock's Department of Community Programs provides quality prevention, intervention, and treatment (PIT) programming that utilizes citizen involvement, evidence-based practices, and standardized processes with the goal of increasing positive outcomes and the quality of life for all Little Rock residents.

Building on the work that PIT-funded programs have been doing for more than 25 years, the Master Plan for Children, Youth & Families (Youth Master Plan) strives to meet the programmatic needs of the most underserved children, youth, and families while increasing the quality and accountability of those selected as the funded organizations and associations to meet those needs.

However, creating solutions to the challenges our City and communities face today cannot be tackled by one department—or even by city government alone. Caring for our children, youth and families is a responsibility we ALL share as members of the Little Rock community.

If you would like to refer someone to any of our service providers, please email: ProgramReferral@littlerock.gov.

Frequently Asked Questions

What are PIT-funded programs?

Grounded in a positive youth development framework that emphasizes children and youth as assets to the community, PIT stands for Prevention, Intervention, and Treatment:

Prevention – Activities designed to engage participants before they become involved in juvenile delinquency, criminal behavior, or gang violence through:

- | | |
|---|---------------------------------|
| Positive Prevention Programs (ages 6-12 & 13-18) | • Neighborhood Safety Programs |
| Summer Academic & Recreation Programs (ages 6-15) | • Community Innovation Projects |
| Summer Youth Employment Opportunity (ages 16-21) | • City Year |
| Career & Life Skills Training Programs | • Mayors Youth Council |
| Little Rock Parks & Recreation Summer Playgrounds | • “Small Contracts” Programs |
| Little Rock Police Department (LRPD) “OK” Program | • Scholars Recognition Program |
| Little Rock Police Department “GEMS” Program | • Be Mighty Feeding Program |

Intervention – Activities will provide deliberate outreach to recruit, retain, and empower young adults who are known to be currently exposed to higher risk environments before they become involved in or to change current juvenile delinquency, criminal behavior, or gang violence. These programs include (but are not limited to) the following:

- | | |
|--|---|
| Re-Entry Services (includes “Rights After Wrongs” event) | • Day Labor Services |
| Community Violence Reduction Programs | • Community-based Intervention Programs |

Treatment – Assisting Little Rock citizens with the training and skills they need to overcome issues or substance abuse. These programs include:

- | | |
|---|---|
| LRPD – Victims Services Coordinator | • Tobacco Education Programs |
| Domestic Violence Counseling and Services | • Family Matters Mental Wellness Retreats |

Special Note – The Department of Community Programs does not provide “grants” to program providers. Instead, we contract with local non-profit and community-based organizations as well as various government agencies to provide targeted, evidence-based services to Little Rock citizens. Please contact us for a complete list of contracted services.

Where does PIT funding come from, how much is it, and who is in charge of it?

This milestone achievement was the culmination of efforts that started in 1988 with a \$10 million grant from the Annie E. Casey Foundation. That was followed in 1991 with a Fighting Back Grant of \$5 million from the Robert Wood Johnson Foundation. Then, in 1993, Little Rock voters passed a 1/2 cent City sales tax to permanently designate City funds to sustain and administer Prevention, Intervention, and Treatment (PIT) funding (in addition to other major city initiatives). In 2011, voters overwhelmingly approved an additional 5/8 cent sales tax for operations in order to meet the increased needs of the city. As a result this support, to our knowledge, the City of Little Rock’s Department of Community Programs (DCP) is the only city in America set up this way. The Department operates on an annual PIT budget of \$5 million dollars which in 2022 supported more than 45 programs and served more than 15,000 Little Rock children, youth, and families.

Are there any restrictions that could prevent someone from being able to participate in programs or receive services?

The Youth Master Plan outlines a system to identify unmet needs, prioritize services, and infuse resources (PIT dollars) where they are needed most. There is only one “restriction”: all recipients of PIT-funded programs or services MUST live within the City of Little Rock. All programs and services are available to no charge (free) to those who qualify.

How can I learn more about the Department of Community Programs, the Youth Master Plan, or volunteer to help?

DCP will continue to host various informational forums throughout the city over the next three years as the implementation of the Youth Master Plan progresses. To be notified of meetings or PIT-funding availability, or for more information on how to participate, contact the City of Little Rock’s Department of Community Programs:

Project Promoting Positive Emotions is a FEMA-funded response to Covid-19 that provides free crisis counseling. Allow our crisis counselors to come to your aid during the outbreak of the Corona Virus. Project PPE will combat the negative effects of quarantine by promoting positivity in the face of an epidemic. We provide crisis counseling to struggling residents of Pulaski County. Crisis counselors connect victims of the infectious disease outbreak to resources for job loss, homelessness, and much more! We honor our first responders by connecting them to counseling, childcare, and countless other resources. We can call, FaceTime, Zoom, and meet in-person. Call (501) 355-7764 to set up an appointment or to learn more.

You must have an appointment to take advantage of these low costs. You can request an appointment by sending your name, phone number and the sex and approximate age of the cats you need altered to saveacat@teamfurr.org. Minimum age is 12 weeks and must weigh 2 pounds. These visits can include: Spay/Neuter Surgery, Vaccinations, Rabies Shots, Limited Medical Services. Priority during these appointments will be given to feral cats, stray cats, and pregnant female cats.
