

Booker T. Washington Elementary School

Welcome to the 2020 – 2021 school year. We are living in unpresident times; nevertheless we are here to support you and your family. As we prepare for the upcoming school year, we have modified our student supply lists to ensure we can abide by the safety measures suggested by the health department. Although some supplies (hand sanitizer, Kleenex, chlorox wipes, disinfectant spray, etc.) will be used by the class community, we have added additional items to the requested supply list to ensure each student has the necessary supplies for individual use for the 2020-2021 school year.

Special Note: Bolded items will be utilized by all students within the classroom community. All community supplies will be stored in the teacher’s classroom. These items are a necessity in each classroom to help prevent the spread of germs.

Red starred items are supplies needed by both virtual and in-person students. Items in black print are needed by all students attending school in-person only.

First Grade					
5	<i>Cloth masks (one for each day of the week – Must be washed weekly. Students can also wear disposable mask; however, they will require one for each day of the week.)</i>				
1	<i>Pre-filled water bottle encouraged – (In an effort to limit student exposure to the spread of germs, community water fountain spouts will not be used.)</i>
