

Community Advisory Board

Minutes

Thursday, June 7, 2018

The Community Advisory Board voted 4-0 to approve the student handbook with the following changes (noted in red) proposed by Jeff Wood:

1. On page 7, under the topic **Make up work**, the first sentence below the heading and above the bullet points should state: "Students who miss school due to an excused or unexcused absence will be allowed to make up missed work under the following rules:"
2. On page 20, under the topic **Physical Restraint**, another bullet point should be added after the first paragraph which states: "To restrain a student from an act of wrongdoing." This identical language is in the employee handbook, page 13. The other bullet points match the language as well and Mr. Wood thought all 4 should also be noted in the student handbook.
