How Many Teeth?

Connections

Writing and Art

Pick an animal from this book. Draw a picture of its teeth. Write a sentence describing its teeth and why they look like they do.

Math

Choose one animal from this book. Work with a partner to compare and contrast that animal's teeth to a human's teeth using a Venn diagram. Share your Venn diagram with your class.

Different animals have different numbers of teeth.

A snake can have two fangs.

A vampire bat can have twenty teeth.

A horse can have forty teeth.

An opossum can have fifty teeth.

An alligator can have eighty teeth.

A sand tiger shark can have ninety-six teeth.

A dolphin can have two hundred fifty teeth.

A snail can have
twenty-five thousand
teeth!
